For the purpose of informing interested University of Tennessee-Knoxville faculty, please be aware of the following opportunity. Please note that the other recipients of this announcement could be potential collaborators on this opportunity.

CDC-RFA-DD10-1008: Increase Awareness of Alveolar Capillary Dysplasia (ACD) Among Health Care Providers

The Centers for Disease Control and Prevention invites proposal submissions to develop and distribute awareness materials on alveolar capillary dysplasia (ACD) to neonatologists and intensive care pediatricians to assist in increased recognition and timely diagnosis of ACD. This program addresses the “Healthy People 2010” focus area(s) of Maternal, Infant and Child Health.

For complete information on this opportunity please see the full solicitation (http://www.grants.gov/search/search.do?mode=VIEW&opplId=54179). To find more opportunities from this agency, please see http://www.cdc.gov/

Approximately $200K will be available to support one award. Cost sharing is not required. Please see the full solicitation for complete award information.

**Deadline for Proposal to Sponsored Programs Office:** 6/07/2010

(Please see the solicitation for complete application & submission information.)

Please contact Sponsored Programs (4-5066) with questions regarding proposal submission requirements.

**Deadline for Proposal Submission to Agency:** 6/14/2010
