For the purpose of informing interested faculty, please be aware of the following opportunity:

The Science and Technology Directorate, U.S. Department of Homeland Security, is soliciting applications for international research projects aligned with the mission and requirements of the Department of Homeland Security – Science & Technology Directorate. These projects should be designed to augment and complement, through international research and collaboration, the depth and breadth of homeland security science and technology research.

Specifically, the S&T Directorate seeks proposals that will contribute to homeland security science and technology, including but not limited to:

- Evaluation of novel tools or approaches to confronting homeland security challenges;
- Basic research to provide data, understandings, or models that support S&T efforts or policy decisions; and
- S&T and operations research evaluations to support revolutionary improvements in DHS’s mission and its component agencies operations

For detailed information about this opportunity ([DHS-10-ST-108-001](#)) please see the full solicitation (attached). To find more opportunities from this agency, please see [here](#).

**Approximately $1.6M is available to support 2-4 wards.** Cost sharing is not required. Please see the full solicitation for complete award information.

**Deadline for Proposal to OR-Sponsored Programs:** 09/16/2010

(Please see the solicitation for complete application & submission information.)

Please contact Sponsored Programs (4-2402) with questions regarding proposal submission requirements.

**Deadline for Proposal Submission to Agency:** 09/23/2010
