For the purpose of informing interested faculty, please be aware of the following limited submission opportunity:

**FR-5300-N-20: FY2009 Green and Healthy Homes Technical Studies Program**

The Department of Housing and Urban Development is soliciting proposals to improve knowledge of the effects green residential building has on: 1) indoor environmental quality, and 2) occupant health, with a particular focus on children and other sensitive populations in low income households. The Green and Healthy Homes Technical Studies Program has two overarching goals: a) To improve our knowledge of the benefits of residential green building methods on indoor environmental quality, and b) To improve our knowledge of the benefits of residential green building methods on occupant health. It is expected that benefits would be most likely observed for respiratory health outcomes and reductions in irritation-related symptoms.

This is a limited submission opportunity. As an eligible applicant institution The University of Tennessee (Knoxville, UTSI, and Institute of Agriculture) may only submit one proposal for this opportunity. The Office of Research requires that interested faculty submit a notification of interest to limitsub@utk.edu by 12 PM 9/24/09 for your proposal to receive consideration. In your email include:

- The name and contact information for the principal investigator
- Names of all internal co-investigators
- A descriptive name of the research project proposed
- A brief (one paragraph) description of the research project

Only faculty who have e-mailed their intent to propose by 12 PM 9/24/09 will be allowed to participate if an internal competition is necessary. If an internal competition is necessary all who submitted notifications of interest will be contacted and will be provided with information regarding competition requirements. For more information regarding UT limited submission guidelines, please see here. Once a proposal has been chosen to go forward, a full proposal is due to the agency on November 17th, 2009.
For more information about this opportunity ([FR-5300-N-20](#)) please see the full solicitation (attached).

**It is anticipated that approximately $2.4M will be available to support up to 4-7 awards.** Cost sharing is not required. Complete award information is found in the full solicitation.
