The Health Resources and Services Administration (HRSA), U.S. Dept. of Health and Human Services, is soliciting proposals for the Public Health Training Center Program. The purpose of the Public Health Training Centers Program is to improve the Nation’s public health system by strengthening the technical, scientific, managerial, and leadership competence of the current and future public health workforce. A public health training center plans, develops, operates, and evaluates projects that are in furtherance of the goals established by the Secretary in the areas of preventive medicine, health promotion and disease prevention, or improving access to and quality of health services in medically underserved communities.

To find more opportunities from this agency, please see [here](#).

For detailed information about this opportunity please see the full solicitation (attached).

Please contact Sponsored Programs (4-5066) with questions regarding proposal submission requirements.
